PROFILE

Enthusiastic and dedicated front-end developer with a strong foundation in the use of frontend development tools. Passionate about creating visually appealing and user-friendly solutions that deliver exceptional user experiences. Eager to contribute my creativity and technical skills to a collaborative team, while continuously learning and evolving in the ever-changing world of Tech.

PROFESSIONAL EXPERIENCE

Tech Facilitator, Curriculum Educational service

2023 – present | Lagos, Nigeria

- Empower 50+ learners with the skills and expertise to learn front-end technologies to creating dynamic and visually appealing websites.
- Developed comprehensive lesson plans, hands-on exercises, and interactive activities that catered to diverse learning styles and skill levels.
- Fostered a learning environment where curiosity and inquiry were encouraged, leading to increase in learners engagement.

Teacher, NYSC

2021 – 2022 | Rivers, Port Harcourt

- Revived and modernized the integration of computers in the learning process, enhancing educational experiences for students.
- Developed a community sensitization campaign on the hazards of PMS storage within households, reaching 1000 households.
- Conducted interactive workshops to educate residents about safe storage, handling of PMS, contributing to a decrease in reported incidents of fire outbreak.
- Collaborated within a team to implement a comprehensive menstrual hygiene education initiative, benefiting 600 female students.
- Played a pivotal role in the planning and execution of sanitary pad distribution drives, ensuring access to essential hygiene products.
